The Bidding Documents shall clearly and adequately define, among others: (a) the objectives, scope, and expected outputs and/or results of the proposed contract; (b) the eligibility requirements of bidders, such as track record to be determined by the Head of the Procuring Entity (HoPE); (c) the expected contract duration, delivery schedule and/or time frame; and (d) the obligations, duties, and/or functions of the winning bidder.

In order to simplify the preparation of the Bidding Documents for each procurement, the PBD group the provisions that are intended to be used unchanged in Section II. Short-Listing Documents of Part I; and Section II. Instructions to Bidders (ITB) and Section IV. General Conditions of Contract (GCC)of Part II. Data and provisions specific to each procurement and contract should be included in Section III. Short-listing Data Sheet (SDS) of Part I, Section III. Bid Data Sheet (BDS), and Section V. Special Conditions of Contract (SCC) of Part II. The forms to be used are provided in Section VII. PBD Related Forms.

Prudence must be exercised to check the relevance of the provisions of the PBD against the requirements of the specific Consulting Services to be procured. In addition, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents, except for the notes introducing Section VII. PBD Related Forms where the information is useful for the Bidder. The following general directions should be observed when using the documents:

a) All the documents listed in the Table of Contents are normally required for the procurement of Consulting Services. However, they should be adapted as necessary to the circumstances of the particular Project.

b) These PBD are divided into Part I and Part II, which shall be both made available from the time the Request for Expression of Interest is first published until the deadline for the submission and receipt of bids.

c) Specific details, such as the “name of the Procuring Entity” and “address for bid submission,” should be furnished in the ITB, BDS, and SCC. The final documents should contain neither blank spaces nor options.

The Bidding Documents should not contain footnotes except Section VII. Philippine Bidding Document since these provide important guidance to Bidders.

e) The criteria for evaluation and the various methods of evaluation in the ITB should be carefully reviewed. Only those that are selected to be used for the procurement in question should be retained and expanded, as required in the BDS. The criteria that are not applicable should be deleted from the BDS.

A. General

1) Scope of Bid

1.1 The Procuring Entity named in the **BDS** shall select an individual, sole proprietorship, cooperative, partnership, corporation, or a joint venture (JV) (hereinafter referred to as "Consultant") from among those short-listed, in accordance with the evaluation procedure specified in the **BDS**. The identification number shall be specified in the **BDS**.

1.2 Consultants are invited to submit bids composed of a technical proposal and a financial proposal for Consulting Services required for this Project described in the **BDS**. Bids shall be the basis for contract negotiations and ultimately for a signed contract with the selected Consultant.

1.3 If the **BDS** indicates that the Project will be completed in phases, each phase must be completed to the Procuring Entity's satisfaction prior to the commencement of the next phase.

2) Source of Funds

The Procuring Entity has received financing (hereinafter called "funds") from the source indicated in the **BDS** (hereinafter called the "Funding Source") toward the cost of the Project named in the **BDS**. The Procuring Entity intends to apply a portion or the whole of the funds to payments for this Project.

3) Requirements Prior to Bidding

3.1 Consultants must familiarize themselves with the local conditions and take them into account in preparing their bids. To obtain firsthand information on the project and on the local conditions, Consultants are encouraged to visit the Procuring Entity before submitting a bid and to attend the pre-bid conference specified in **ITB** Clause 9. The Consultants' costs of preparing their bids and negotiating the contract, including a visit to the Procuring Entity, are not reimbursable as a direct cost of the project.

3.2 Consultants shall not be under a declaration of ineligibility for corrupt, fraudulent, collusive, coercive, or obstructive practices issued by the Funding Source or the Procuring Entity in accordance with **ITB** Clause 4.1.

4) Corrupt, Fraudulent, Collusive, Coercive, and Obstructive Practices

4.1 Unless otherwise specified in the **BDS**, the Procuring Entity as well as the Consultants shall observe the highest standard of ethics during the procurement and execution of the contract. In pursuance of this policy, the Procuring Entity:

a) defines, for purposes of this provision, the following terms under existing laws, rules, and regulations:

i) "corrupt practice" means an act by which officials in the public or private sectors improperly and unlawfully enrich themselves, others, or induce others to do so, by misusing the position in which they are placed, and includes the offering, giving, receiving, or soliciting of anything of value to influence the action of any such official in the

procurement process or in contract execution; entering, on behalf of the government, into any contract or transaction manifestly and grossly disadvantageous to the same, whether or not the public officer profited or will profit thereby, and similar acts as provided in RA No. 3019.

ii) "fraudulent practice" means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of the Procuring Entity, and includes collusive practices among Bidders (prior to or after bid submission) designed to establish bid prices at artificial, non-competitive levels and to deprive the Procuring Entity of the benefits of free and open competition.

iii) "collusive practices" means a scheme or arrangement between two or more Bidders, with or without the knowledge of the Procuring Entity, designed to establish bid prices at artificial, non-competitive levels.

iv) "coercive practices" means harming or threatening to harm, directly or indirectly, persons, or their property to influence their participation in a procurement process, or affect the execution of a contract.

v) "obstructive practice" is

a) deliberately destroying, falsifying, altering or concealing of evidence material to administrative proceedings or investigation or making false statements to investigators in order to materially impede administrative proceedings or investigation of the Procuring Entity or any foreign government/foreign or international financing institution into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the administrative proceedings or investigation or from pursuing such proceedings or investigation; or

b) acts intended to materially impede the exercise of the inspection and audit rights of the Procuring Entity or any foreign government/foreign or international financing institution herein.

b) Undertakes to reject a proposal for award upon *prima facie* determination that the Consultant recommended for award has engaged in any of the prohibited practices mentioned in this Clause for purposes of competing for the contract.

4.2 Further, the Procuring Entity will seek to impose the maximum civil, administrative, and/or criminal penalties available under applicable laws on individuals and organizations deemed to be involved in any of the practices mentioned in **ITB** Clause 4.1(a).

4.3 Furthermore, the Funding Source and the Procuring Entity reserve the right to inspect and audit records and accounts of a Consultant in the bidding for and

performance of a contract themselves or through independent auditors as reflected in the **GCC** Clause 52.

5) Conflict of Interest

5.1 All Bidders found to have conflicting interests shall be disqualified to participate in the procurement at hand, without prejudice to the imposition of appropriate administrative, civil, and criminal sanctions. A Bidder may be considered to have conflicting interests with another Bidder in any of the events described in paragraphs (a) through (c) below and a general conflict of interest in any of the circumstances set out in paragraphs (d) through (i) below:

a) A Bidder has controlling shareholders or beneficial owners in common with another bidder;

b) A Bidder receives or has received any direct or indirect subsidy from any other bidder;

c) A Bidder has the same legally authorized representative as that of another bidder for purposes of this bid;

d) A Bidder has a relationship, directly or through third parties, that puts them in a position to have access to information about or influence the bid of another bidder or influence the decisions of the Procuring Entity regarding this bidding process. This will include a firm or an organization that lends, or temporarily seconds, its personnel to firms or organizations that are engaged in consulting services for the preparation related to procurement for or implementation of the project if the personnel would be involved in any capacity on the same project;

e) A Bidder who participated as a consultant in the preparation of the design or technical specifications of the Goods and related services that are the subject of the bid;

f) A Bidder who lends, or temporarily seconds, its personnel to firms or organizations which are engaged in consulting services for the preparation related to procurement for or implementation of the project, if the personnel would be involved in any capacity on the same project;

g) If a Bidder combines the function of consulting with those of contracting and/or supply of equipment for the same Project;

h) If a Bidder is associated with, affiliated to, or owned by a contractor or a manufacturing firm with departments or design offices offering services as consultants unless such Bidder includes relevant information on such relationships along with a statement in the Technical Proposal cover letter to the effect that the Bidder shall limit its role to that of a consultant and disqualify itself and its associates from work in any other capacity that may emerge from the Project (including bidding for any part of the future project). The contract with the Bidder selected to undertake the Project shall contain an appropriate provision to such effect; or

i) If there is a conflict among consulting projects, the Bidder (including its personnel) and any subsidiaries or entities controlled by such Bidder shall not be recruited for the relevant project. The duties of the Bidder depend

on the circumstances of each case. While continuity of consulting services may be appropriate in particular situations where no conflict exists, a Bidder cannot be recruited to carry out a project that, by its nature, shall result in conflict with a prior or current project of such Bidder. Examples of the situations mentioned are when a Bidder engaged to prepare engineering design for an infrastructure project shall not be recruited to prepare an independent environmental assessment for the same project; similarly, a Bidder assisting a Procuring Entity in privatization of public assets shall not purchase, nor advise purchasers, of such assets; or a Bidder hired to prepare the Terms of Reference (TOR) for a project shall not be recruited for the project in question.

5.2 All Bidding Documents shall be accompanied by a sworn affidavit of the Bidder that it is not related, by consanguinity or affinity up to the third civil degree, to the Head of the Procuring Entity (HoPE), Procurement Agent (if engaged), the head of the Project Management Office (PMO), the End-User or Implementing Unit, or any members of the Bids and Awards Committee (BAC), Technical Working Group (TWG), BAC Secretariat, and the project consultants.[6]

5.3 The Bidder shall also disclose the ultimate beneficial ownership of an entity. Failure to comply with the aforementioned provision shall be a ground for the automatic disqualification of the bid in consonance with Section 59 of the IRR. For this reason, relationship to the aforementioned persons within the third civil degree of consanguinity or affinity shall automatically disqualify the Bidder from participating in the procurement of contracts of the Procuring Entity notwithstanding the act of such persons inhibiting themselves from the procurement process. This Clause shall apply to the following persons and affiliates:

a) In the case of individuals or sole proprietorships, to the Bidders and their spouses;

b) In the case of partnerships, to the partnership itself and its partners;

c) In the case of cooperatives, to the cooperative itself and members of the board of directors, general manager, or chief executive officer;

d) A partnership, joint venture or consortium which is blacklisted or which has blacklisted member/s or partner/s, as well as a person or entity who is a member of a blacklisted joint venture or consortium, are likewise not allowed to participate in any government procurement during the period of suspension or blacklisting; and

e) In the case of corporations, a single stockholder, together with their relatives up to the third civil degree of consanguinity or affinity, and their assignees, holding at least twenty percent (20%) of the shares therein, its chairperson and president, shall be blacklisted after they have been determined to hold the same controlling interest in a previously blacklisted corporation or in two corporations that have been blacklisted; the corporations of which they are part of shall also be blacklisted.

[6] Section 81.1 of the IRR.

5.4 Subject to the provisions of **ITB** Clause 5, any previous or ongoing participation by the Bidder, its professional staff, or its affiliates or associates under a contract with the Funding Source or the Procuring Entity in relation to this Project may result in the rejection of its bid. The Bidder should clarify their situation in that respect with the Procuring Entity before preparing its bid.

5.5 Bidders are discouraged to include officials and employees of the Government of the Philippines (GoP) as part of its personnel. Participation of officials and employees of the GoP in the Project shall be subject to existing laws, rules, and regulations, such as those of the Civil Service Commission.

5.6 Fairness and transparency in the selection process require that all Bidders have an equal opportunity to compete, and that no Bidder derives an unfair advantage from having previously provided consulting services related to the Project. To uphold fairness, the Procuring Entity shall ensure that all information which could provide a competitive advantage is disclosed equally to all short-listed Consultants, together with the Bidding Documents.

6) Eligible Bidders

6.1 Only Bids found to be legally, technically, and financially eligible will be evaluated. For procurement of Consulting Services, the following persons shall be eligible to participate in this bidding:

a) Duly licensed Filipino citizens or sole proprietorships;

b) Partnerships duly organized under the laws of the Philippines and of which at least sixty percent (60%) of the interest belongs to citizens of the Philippines;

c) Corporations duly organized under the laws of the Philippines, and of which at least sixty percent (60%) of the outstanding capital stock belongs to citizens of the Philippines;

d) Cooperatives duly organized under the laws of the Philippines; and

e) Persons entities forming themselves into a Joint Venture (JV), i.e., a group of two (2) or more persons or entities that intend to be jointly and severally responsible or liable for a particular contract; Provided, however, That Filipino ownership or interest of the JV concerned shall be at least sixty percent (60%). For this purpose, Filipino ownership or interest shall be based on the contributions of each of the members of the joint venture as specified in their Joint Venture Agreement (JVA); Provided further, That the primary purpose of each member of the joint venture must be similar or related to the requirement of the project to be bid out.

6.2 Foreign Bidders may be eligible to participate if local consultants do not have sufficient expertise, capability, and capacity to render the services required under the project, as determined by the HoPE, in accordance with Section 52.4.3.3 of the IRR.

6.3 GOCCs may be eligible to participate if they can establish that they (a) are legally and financially autonomous, (b) operate under commercial law, and (c) are not attached agencies of the Procuring Entity.

7) Bidder's Responsibilities

7.1 The Consultant or its duly authorized representative shall submit a sworn statement in the form prescribed in **Section VII.** PBD Related Forms as required in **ITB** Clause 12.2(e).

7.2 Before submitting their bids, the Consultants are deemed to be knowledgeable of all existing laws, decrees, ordinances, acts, and regulations of the Philippines which may affect this Project in any way.

7.3 The Consultant undertook the following responsibilities:

a) Took steps to carefully examine and ensure full understanding and comprehension of the Bidding Documents, its requirements, clauses, and provisions;

b) Acknowledged all conditions, local or otherwise, affecting the implementation of the contract;

c) Made an estimate of the facilities available and needed for this Project, if any;

d) Complied with the responsibility to inquire or secure Supplemental Bid Bulletin(s) as provided under ITB Clause 9.4;

e) Ensured that it is not "blacklisted" or barred from bidding by the GoP or any of its agencies, offices, corporations, or local government units (LGUs), including foreign government, or foreign or international financing institution whose blacklisting rules have been recognized by the GPPB; by itself or by relation, membership, association, affiliation, or controlling interest with another blacklisted person or entity;

f) Provision of the contract.

Except for meritorious reasons, negotiations with the Consultant shall be completed within ten (10) calendar days.

28.3 Having selected the Consultant on the basis of, among other things, an evaluation of the proposed key professional staff, the Procuring Entity expects to negotiate a contract on the basis of the experts named in the bid. Before contract negotiations, the Procuring Entity shall require assurances that the experts shall be actually available. There should be no replacement of key personnel before the awarding of contract, except for any delay caused by the Procuring Entity, or for justifiable reason as may be determined by the BAC, such as, illness, death, or resignation; Provided, That it is duly supported by relevant certificates. The BAC shall immediately consider negotiation with the next-ranked consultant if an unjustifiable replacement of personnel by the first ranked firm is made. Once the contract has awarded, no replacement shall be allowed by the HoPE until after fifty percent (50%) of the personnel's man-months have been served, except for justifiable reasons as may be determined

by the Procuring Entity. Violators shall be fined an amount equal to the refund of the replaced personnel's basic rate, which should be at least fifty percent (50%) of the total basic rate for the duration of the engagement.

28.4 Negotiations shall include a discussion of the technical proposal, the proposed methodology (work plan), staffing and any suggestions made by the Consultant to improve the TOR. The Procuring Entity and Consultant shall then work out the final TOR, staffing, and bar charts indicating activities, staff, periods in the field and in the home office, staff-months, logistics, and reporting. The agreed work plan and final TOR shall then be incorporated in Appendix I and form part of the contract. Special attention shall be made to maximizing the value offered by the Consultant within the available budget and to clearly defining the input required by the Procuring Entity to ensure satisfactory implementation of the Project.

28.5 The amount indicated in the financial proposal shall be made as the basis for negotiations and the total contract amount shall not exceed the amount indicated in the financial proposal and the ABC as stated in the Bidding Documents" for quality-based evaluation procedure.

28.6 The financial negotiations shall include a clarification of the Consultant's tax liability in the Philippines, if any, and the manner in which it shall be reflected in the contract; and shall reflect the agreed technical modifications in the cost of the services. The negotiations shall conclude with a review of the draft form of the contract. To complete negotiations, the Procuring Entity and the Consultant shall affix their initials in the agreed contract. If negotiations fail, the Procuring Entity shall invite the Consultant whose bid received the second highest score to negotiate a contract. If negotiations still fail, the Procuring Entity shall repeat the process for the next-in-rank Consultant until the negotiation is successfully completed.

29) Post-Qualification

29.1 The BAC shall determine to its satisfaction whether the Consultant that is evaluated as having submitted the HRB complies with and is responsive to all the requirements and conditions specified in the Short-listing Documents and **ITB** Clauses 12 and 13. The Consultant, within five (5) calendar days from receipt of notice from the BAC that it submitted the HRB, shall submit all the eligibility documents supporting its PhilGEPS Certificate of Registration (Platinum Membership), its latest income and business tax returns filed for the preceding quarter which should not be earlier than two (2) quarters from the date of submission and receipt of bid, and other appropriate licenses and permits required by law and stated in the **BDS**.

29.2 Failure to submit any of the post-qualification requirements on time, or a finding against the veracity thereof, shall disqualify the Consultant for award; Provided, That in the event that a finding against the veracity of any of the documents submitted is made, it shall cause the forfeiture of the bid security.

29.3 During post-qualification, the BAC shall verify and validate the veracity, authenticity, and validity of all the eligibility documents supporting the PhilGEPS Certificate of Registration (Platinum Membership), and all the other statements made, and documents submitted by the Consultant with the HRB, using non-discretionary criteria, as stated in the Bidding Documents.

29.4 The determination shall be based upon an examination of the documentary evidence of the Consultant's qualifications submitted pursuant to **ITB** Clauses 12 and 13, as well as other information as the Procuring Entity deems necessary and appropriate, using a non-discretionary "pass/fail" criterion, which shall be completed within a period of twelve (12) calendar days from the completion of the negotiation with the Consultant that submitted the HRB. In exceptional cases, the post-qualification period may be extended by the HoPE, but in no case shall it exceed thirty (30) calendar days.

29.5 If the BAC determines that the Consultant with the HRB passes all the criteria for post-qualification, it shall declare the said bid as the Consultant with the HRRB and recommend to the HoPE the award of contract to the said Bidder at bid price or its negotiated price, whichever is lower, and subject to compliance with **ITB** Clause 31.3.

29.6 If the BAC determines that the bidder with the HRB fails the criteria for post-qualification, it shall immediately notify the said bidder in writing of its post-disqualification and the grounds for it.

29.7 Immediately after the BAC has notified the first Consultant of its post-disqualification, and notwithstanding any pending request for reconsideration thereof, the BAC shall initiate and complete the same post-qualification process on the Consultant with the second HRB. If the second Consultant passes the post-qualification and provided that the request for reconsideration of the first Consultant has been denied, the second Consultant shall be post-qualified as the Consultant with the HRB. If the second Consultant, however, fails the post-qualification, the procedure for post-qualification shall be repeated for the Consultant with the next HRB, and so on, until the HRRB is determined for award, subject to the procedure of Notice and Execution of Award.

In case of post-disqualification of the Consultant with the HRB, the BAC shall be given the same fresh period to conduct the post-qualification of the next HRB until a Consultant is post-qualified or failure of bidding is declared based on Section 64 of the IRR.

29.8 Within a period not exceeding ten (10) calendar days from the determination by the BAC of the HRRB and the recommendation of the award, the HoPE or its duly authorized representative shall approve or disapprove the said recommendation.

29.9 In case of approval, HoPE or its duly authorized representative shall immediately issue the Notice of Award to the Consultant with the HRRB.

In the event that the approving authority shall disapprove the resolution on the award of the contract, such disapproval shall be based only on valid, reasonable, and justifiable grounds as enumerated under Section 70 of the IRR to be expressed in writing. A copy of the decision disapproving the resolution shall be furnished to the BAC and the Consultant. A request for reconsideration may filed by the Consultant with the HoPE within three (3) calendar days from receipt of the notice of disapproval. The HoPE shall resolve with finality the request for reconsideration within seven (7) calendar days from the filing thereof and furnish the bidder a copy of the resolution immediately from its promulgation. In no case shall the request for reconsideration stay or delay the bidding process. However, the request for reconsideration must first be resolved before any award is made.

30) Reservation Clause

30.1 Notwithstanding the eligibility, short-listing, or post-qualification of a Consultant and without incurring any liability, the HoPE or its duly authorized representative at any stage of the procurement, reserves the right to review its qualifications, reject any and all bids, declare a failure of bidding or not award the contract in the following situations:

a) If it has reasonable grounds to believe that a misrepresentation has been made by the said Consultant, or that there has been a change in the Consultant's capability to undertake this Project from the time it submitted its eligibility requirements.

b) Should such review uncover any misrepresentation made in the eligibility and bidding requirements, statements or documents, or any changes in the situation of the Consultant which will affect its capability to undertake the project so that it fails the preset eligibility or bid evaluation criteria, the Procuring Entity shall consider the said Consultant as ineligible and shall disqualify it from submitting a bid or from obtaining an award or contract.

30.2 Based on the following grounds, the HoPE or its duly authorized representative reserves the right to reject any and all bids, declare a failure of bidding at any time prior to the contract award, or not to award the contract, without thereby incurring any liability, and make no assurance that a contract shall be entered into as a result of the bidding:

a) If there is *prima facie* evidence of collusion between appropriate public officers or employees of the Procuring Entity, or between the BAC and any of the bidders, or if the collusion is between or among the bidders themselves, or between a bidder and a third party, including any act which restricts, suppresses or nullifies or tends to restrict, suppress or nullify competition or influences or tends to influence the bidding process;

b) If the BAC is found to have failed in complying with the law or in following the prescribed bidding procedures; or

c) For any justifiable and reasonable ground where the award of the contract will not redound to the benefit of the government, in instances where (i) the physical and economic conditions have significantly changed so as to render the Project no longer economically, financially, or technically feasible as determined by the HoPE; (ii) the project is no longer necessary as determined by the HoPE; and (iii) the source of funds for the project has been withheld or reduced through no fault of the Procuring Entity.

The Procuring Entity warrants that the Consultant shall have, free of charge, unimpeded access to all lands in the Philippines in respect of which access is required for the performance of the Services. The Procuring Entity shall be responsible for any damage to such land or any property thereon resulting from such access and shall indemnify the Consultant and each of the Personnel in respect of liability for any such damage, unless such damage is caused by the default or negligence of the Consultant or its Personnel.

52) Accounting, Inspection and Auditing

52.1 The Consultant shall:

a) Keep accurate and systematic accounts and records in respect of the Services hereunder, in accordance with internationally accepted accounting principles and in such form and detail as to clearly identify all relevant time changes and costs, and the bases thereof;

b) Permit the Procuring Entity or its designated representative and or the designated representative of the Funding Source at least once for short-term Contracts, and annually in the case of long-term Contracts, and up to one year from the expiration or termination of this Contract, to inspect the same and make copies thereof as well as to have them audited by auditors appointed by the Procuring Entity; and

c) Permit the Funding Source to inspect the Consultant's accounts and records relating to the performance of the Consultant and to have them audited by auditors approved by the Funding Source, if so required.

52.2 The basic purpose of this audit is to verify payments under this Contract and, in this process, to also verify representations made by the Consultant in relation to this Contract. The Consultant shall cooperate with and assist the Procuring Entity and its authorized representatives in making such audit. In the event the audit discloses that the Consultant has overcharged the Procuring Entity, the Consultant shall immediately reimburse the Procuring Entity an amount equivalent to the amount overpaid. If overpayment is a result of the Consultant having been engaged in what the Procuring Entity (or, as the case may be, the Funding Source) determines to constitute corrupt, fraudulent, or coercive practices, as defined in **GCC** Clause 30.1(e) and under the applicable laws, the Procuring Entity shall, unless the Procuring Entity decides otherwise, terminate this Contract.

52.3 The determination that the Consultant has engaged in corrupt, fraudulent, coercive practices shall result in the Procuring Entity and/or the Funding Source seeking the imposition of the maximum administrative, civil and criminal penalties up to and in including imprisonment under applicable laws.

53) Contract Cost

54) Remuneration and Reimbursable Expenditures

54.1 Payments of Services do not relieve the Consultant of any obligation hereunder.

54.2 Remuneration for the Personnel shall be determined on the basis of time actually spent by such Personnel in the performance of the Services including other additional factors indicated in the **SCC** after the date determined in accordance with **GCC** Clause 22, or such other date as the Parties shall agree in writing, including time for necessary travel via the most direct route, at the rates referred to, and subject to such additional provisions as are set forth, in the **SCC**.

54.3 Remuneration for periods of less than one month shall be calculated on an hourly basis for time spent in home office (the total of 176 hours per month shall apply) and on a calendar-day basis for time spent away from home office (1 day being equivalent to 1/30th of a month).

54.4 Reimbursable expenditures actually and reasonably incurred by the Consultants in the performance of the Services are provided in the **SCC**.

54.5 Billings and payments in respect of the Services shall be made as follows:

b) As soon as practicable and not later than fifteen (15) calendar days after the end of each calendar month during the period of the Services, the Consultant shall submit to the Procuring Entity, in duplicate, itemized statements, accompanied by copies of receipted invoices, vouchers and other appropriate supporting materials, of the amounts payable pursuant to **GCC** Clauses 53.1 and 54 for such month. Separate monthly statements shall be submitted in respect of amounts payable in foreign currency and in local currency. Each separate monthly statement shall distinguish that portion of the total eligible costs which pertains to remuneration from that portion which pertains to reimbursable expenditures.

c) The Procuring Entity shall cause the payment of the Consultant's monthly statements within sixty (60) calendar days after the receipt by the Procuring Entity of such statements with supporting documents. Only such portion of

a monthly statement that is not satisfactorily supported may be withheld from payment. Should any discrepancy be found to exist between actual payment and costs authorized to be incurred by the Consultant, the Procuring Entity may add or subtract the difference from any subsequent payments. Interest shall be paid for delayed payments following the rate provided in the **SCC**.

55) Final Payment

55.1 The final payment shall be made only after the final report and a final statement, identified as such, shall have been submitted by the Consultant and approved as satisfactory by the Procuring Entity. The Services shall be deemed completed and finally accepted by the Procuring Entity and the final report and final statement shall be deemed approved by the Procuring Entity as satisfactory ninety (90) calendar days after receipt of the final report and final statement by the Procuring Entity unless the Procuring Entity, within such ninety (90)-day period, gives written notice to the Consultant specifying in detail deficiencies in the Services, the final report or final statement. The Consultant shall thereupon promptly make any necessary corrections within a maximum period of ninety (90) calendar days, and upon completion of such corrections, the foregoing process shall be repeated.

55.2 Any amount which the Procuring Entity has paid or caused to be paid in accordance with this clause in excess of the amounts actually payable in accordance with the provisions of this Contract shall be reimbursed by the Consultant to the Procuring Entity within thirty (30) calendar days after receipt by the Consultant of notice thereof. 56.4 Final payment pursuant to the Payment Schedule in Appendices IV and V shall be made by the Procuring Entity after the final report has been submitted by the Consultant and approved by the Procuring Entity.

56.5 Termination - Upon the receipt or giving of any notice referred to in **GCC** Clause 32 and if the Consultant is not in default under this Contract and has partly or substantially performed its obligation under this Contract up to the date of termination and has taken immediate steps to bring the Services to a close in prompt and orderly manner, there shall be an equitable reduction in the maximum amount payable under this Contract to reflect the reduction in the Services, provided that in no event shall the Consultant receive less than his actual costs up to the effective date of the termination, plus a reasonable allowance for overhead and profit.

56.6 An equitable adjustment in contract price may be mutually agreed upon by the Procuring Entity and the Consultant in writing using similar rates or unit prices as provided in **SCC**, or it not available, using applicable or current rates and prices to cover the amended or additional items in the consultancy contract, provided that the total increase in cost does not exceed 20% of the contract price.

57) Liquidated Damages for Delay

When the consultant fails to satisfactorily complete the services required under the contract within the specified period, inclusive of duly granted time extensions, if any, the consultant shall be liable for liquidated damages in an amount equal to one-tenth (1/10) of one percent (1%) of the cost of the unperformed portion for every day of delay.

In case the sum of liquidated damages reaches ten percent (10%) of the contract amount, the contract may be rescinded or terminated by the Procuring Entity, without prejudice to other courses of action and remedies available under the circumstances. In case the contract is terminated, the Procuring Entity may take over the contract or award the same to a qualified consultant through negotiated procurement. In addition to the liquidated damages, the erring consultant's performance security shall also be forfeited.

In case the delay in the completion of the services exceeds ten percent (10%) of the specified contract time plus any time extension duly granted to the consultant, the Procuring Entity may terminate the contract. Procurement of Consultancy Services for the Conduct of Market Surveys among Micro, Small and Medium Enterprises for PCC Cases and Other Research Initiatives

I. BACKGROUND

The Philippine Competition Commission ("PCC") is an independent quasi-judicial body mandated to implement Republic Act No. 10667 or the Philippine Competition Act ("PCA"). The PCC's mandate includes reviewing mergers and acquisitions, investigating and adjudicating anti-competitive agreements and abuses of dominant position, and undertaking economic and legal research on competition-related matters.

Many cases or research outputs conducted by the Mergers and Acquisitions Office, the Competition Enforcement Office, or the Economics Office require the use of primary data. The limited time frame of certain projects and processes creates difficulties for Case or Research Teams in providing quantitative assessments such as, relevant market definition, market structure analysis, market shares computation, and product/service mapping.

To address this limitation, the PCC requires the services of a Consultant to complete the primary data gathering process (from survey design to data processing) within a short period of time for various cases or research assignments. The surveys will involve households or individual consumers in the Philippines.

II. OBJECTIVES

This project will facilitate data gathering and facts verification among informants pertinent to PCC cases and research studies. Data gathered will be analyzed for use in research projects or in cases involving mergers and acquisitions, competition enforcement, or cases under litigation or adjudication handled by the PCC's Economics Office and the Mergers & Acquisitions Office.

Specifically, each market survey aims to gather data on:

A. Business information of Micro, Small and Medium Enterprises (MSMEs) in various locations, including, but not limited to the following:
   1. business classification
   2. employee size
   3. complete business address
   4. contact number and email addresses.

B. Types of products and services available and offered to consumers/customers based on location.

C. Information on target and/or usual consumers/customers, including, but not limited to:
   1. socioeconomic class/entity type
   2. income levels/volume of purchase
   3. residence distance to the business establishment/entity
   4. Perceptions of product/service quality, opportunities for profitability, competitive environment, etc.
   5. Willingness to offer or substitute selected products/services with other available products/services.

D. Other data to be identified by the Economics Office (End-user).

III. SCOPE OF WORK

The details of the project are summarized as follows:

Type of service	Market Surveys among MSMEs in the Philippines

[14] Payments are based on actual inputs (staff time and reimbursables). The price should include staff rates and estimated reimbursables, with a breakdown aligned with the work plan.

[15] Paid based on receipts; if ceilings are to apply (e.g., travel), maximum rates or per diems must be stated in the RFP.

[16] Reimbursables based on agreed fixed rates are paid at pre-determined unit costs (e.g., per diems, housing allowances). These rates may vary depending on the duration of stay (short vs. long-term) and location.

V. Services and Facilities Provided by the Client

Provide a detailed description of the services and facilities to be made available to the Consultant, and the time and manner of their availment.

VI. Consultant's Representations Regarding Costs and Charges

Breakdown of Remuneration Rates, WB funded projects using Quality Based Selection, Selection Based on the Consultant's Qualifications and Single Source Selection.

1) Review of Remuneration Rates

a) The remuneration rates for staff are made up of salary, social costs, overheads, fee that is profit, and any premium or allowance paid for projects away from headquarters. To assist the Consultant in preparing for financial negotiations, a sample form giving a breakdown of rates is attached (no financial information

should be included in the Technical Proposal). Agreed breakdown sheets shall form part of the negotiated contract.

b) The Procuring Entity is charged with the custody of Government funds and is expected to exercise prudence in the expenditure of these funds. The Procuring Entity is, therefore, concerned with the reasonableness of the firm's Financial Proposal, and, during negotiations, it expects to be able to review audited financial statements backing up the Consultant's remuneration rates, certified by an independent auditor. The Consultant shall be prepared to disclose such audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. Rate details are discussed below.

c) Salary

This is the gross regular cash salary paid to the individual in the Consultant's home office. It shall not contain any premium for work away from headquarters or bonus (except where these are included by law or government regulations).

i) Bonus

Bonuses are normally paid out of profits. Because the Procuring Entity does not wish to make double payments for the same item, staff bonuses shall not normally be included in the rates. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that thirteen (13) months' pay be given for twelve (12) months' work, the profit element need not be adjusted downward. Any discussion on bonuses shall be supported by audited documentation, which shall be treated as confidential.

ii) Social Costs

Social costs are the costs incurred by the Consultant for the non-monetary benefits provided to its staff. These items include, *inter alia*, pension, medical and life insurance costs, and the cost of a staff member being sick or on vacation. In this regard, the cost of leave for public holidays is not an acceptable social cost nor is the cost of leave taken during the Contract if no additional staff replacement has been provided. Additional leave taken at the end of the Contract in accordance with the Consultant's leave policy is acceptable as a social cost.

iii) Cost of Leave

The principles of calculating the cost of total days leave per annum as a percentage of basic salary shall normally be as follows:

$$\text{Leave cost as percentage of salary}^{20} = \frac{total\ days\ leave\ x\ 100}{[365\ -\ w\ -\ ph\ -\ v\ -\ s]}$$

It is important to note that leave can be considered a social cost only if the Procuring Entity is not charged for the leave taken.

[20] Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

iv) Overheads

Overhead expenses are the firm's business costs that are not directly related to the execution of the project and shall not be reimbursed as separate items under the Contract. Typical items are home office costs (partner's time, non-billable time, time of senior staff monitoring the project, rent, support staff, research, staff training, marketing, etc.), the cost of staff not currently employed on revenue-earning projects, and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Procuring Entity does not accept an add-on margin for social charges, overhead expenses, etc., for staff who are not permanent employees of the firm.

v) Fee or Profit

The fee or profit shall be based on the sum of the salary, social costs, and overhead. If any bonuses paid on a regular basis are listed, a corresponding reduction in the profit element shall be expected. Fee or profit shall not be allowed on travel or other reimbursable expenses, unless in the latter case an unusually large amount of procurement of equipment is required. The Consultant shall note that payments shall be made against an agreed estimated payment schedule as described in the draft form of the Contract.

vi) Away from Headquarters Allowance or Premium

Some consultants pay allowances to staff working away from headquarters. Such allowances are calculated as a percentage of salary and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately. For concerned staff, this allowance, where paid, shall cover home education, etc.; these and similar items shall not be considered as reimbursable costs.

vii) Subsistence Allowances

Subsistence allowances are not included in the rates, but are paid separately and in local currency. No additional subsistence is payable for dependents ¾ the subsistence rate shall be the same for married and single team members.

UNDP standard rates for the particular country may be used as reference to determine subsistence allowances.

2) Reimbursables

The financial negotiations shall further focus on such items as out-of-pocket expenses and other reimbursables. These costs may include, but are not restricted to, the cost of surveys, equipment, office rent, supplies, international and local travel, computer rental, mobilization and demobilization, insurance, and printing. These costs may be either fixed or reimbursable in foreign or local currency.

3) Bank Guarantee

Payments to the Consultant, including payment of any advance based on cash flow projections covered by a bank guarantee, shall be made according to an agreed estimated schedule ensuring the firm regular payments in local and foreign currency, provided the services proceed as planned.
