TECHNICAL SPECIFICATIONS

Provision of Inland Transportation Services for the Conduct of the Welcome Reception of the 2026 International Competition Network (ICN) Annual Conference

I. Rationale/Objective

The Philippine Competition Commission (PCC), pursuant to the Philippine Competition Act (PCA), is mandated to represent the country in international competition matters (Section 12[p]) and to promote capacity-building and the sharing of best practices with competition-related bodies (Section 12[q]). In line with these mandates, the PCC has, since its establishment in 2016, actively participated in global and regional competition fora and dialogues. Through these engagements, the Commission continues to draw insights from more mature competition jurisdictions to strengthen competition law enforcement for the benefit of businesses and consumers in the Philippines.

In 2026, the PCC will host the Annual Conference of the International Competition Network (ICN), a global network established in 2001 to promote cooperation, dialogue, and the exchange of best practices among competition authorities worldwide. The ICN's key focus areas are organized into working groups on Merger Control, Cartel Enforcement, Unilateral Conduct, Advocacy, and Agency Effectiveness.

The Welcome Reception formally marks the commencement of the ICN Annual Conference and serves as its official opening social function, providing a platform for delegates and stakeholders from various jurisdictions to engage in informal networking before the formal sessions. By fostering meaningful exchanges and strengthening professional linkages, it promotes open dialogue and cooperation, enhancing collaboration throughout the conference. As such, the reception is an integral component of the program, supporting knowledge-sharing, capacity-building, and sustained international cooperation in competition policy and enforcement.

To ensure the smooth conduct of the activity, the PCC will require inland transportation services to transport the ICN delegates from the ICN Venue to the venue of the Welcome Reception and vice versa.

II. Participants

The conference will gather about **450 participants** from more than 140 member agencies from about 130 jurisdictions worldwide. By convening regulators,

experts, and stakeholders, the ICN Annual Conference facilitates discussions on cutting-edge topics in competition law, presents the latest outputs of ICN Working Groups, and shapes the future of global competition policy.
